<https://m.youtube.com/watch?v=kKopB66ujuQ>

~ ALF

(1981-1982)

- Is an alien with orange fur, eight stomachs and only four teeth who likes eat cats.
- When Alf's body was founded, Alf travelled lost through space for a year until he followed the radio signal coming from the planet Earth. And he crashed into the roof of tanner's garage, a middle-class family from the suburbs.

~ THE A- TEAM

(1983-1987)

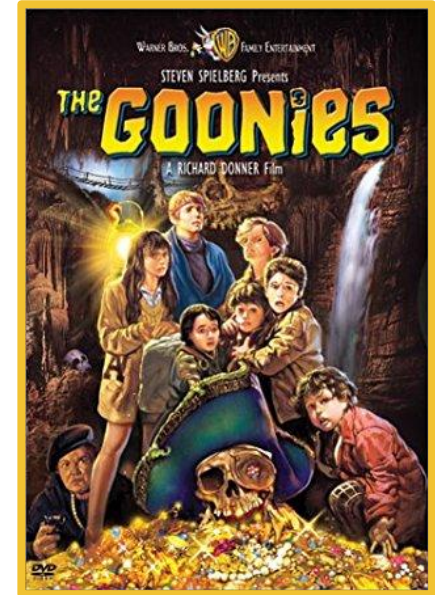

- Four of the best men in the US army who were imprisoned for a crime "that they had not committed": They soon escaped from the prison. But they continued being persecuted by the government.

FILMS

- In the eighties, there were also funny and good films...

Some of the
popular films
were...

~ E.T. (1982)

- E.T. is a naughty alien who was abandoned on Earth. Completely alone and disoriented, he will meet Elliot, a child who although at first will bring more problems than joys, will soon become his friend and protector. Elliot will try to hide as much as possible E.T., of the police and the scientists because they will try to capture him for painful tests ... Elliot and his gang will aim to return E.T. to his true home ...

~ THE GOONIES

(1985)

- Are a group of friends who live in a town in the USA. His parents are worried about the debts and the creditors want to tear down the neighborhood where they live to build a golf course instead. So the children find a map which will take them to a treasure to save their parents problems.
